

World Golfers[™] Championship

World Golfers Championship (WGC)

Are the average amateur golfers in your country worth a golfing identity?
Of course they are!

They love to represent their country just like the elite golfers and professionals do.
The amateur golfers are the foundation in golf. Without amateurs, there would be no professionals.

WGC Patron Arnold Palmer:

"What I enjoy most of the World Golfers Championship is that all golfers, regardless of skill level, can participate and challenge other golfers from all over the world in a fair competition."

Liselotte Neumann, US Open champion:

"Golf has given us so much; it's our turn to give something back"

These words from Arnold Palmer and Liselotte Neumann express the true meaning of WGC.

Joining WGC

We strongly encourage golfing nations to join the growing WGC family under our motto *Sport Promotes Friendship and Business* and meet other cultures, get new friends for life and help increase the popularity of golf around the world.

New countries are welcome to send a National team to the world final and we are happy to help you organize your first qualifying tournament in your country.

You can organize it on a small scale the first year and make it large in the future.

The WGC world final will be shown live on our website where golfers in all countries can follow their fellow national teams and the entire event live!

The Invitational

You may send a two person delegation to participate in our Invitational tournament that runs parallel to the Championship, a great opportunity to experience the event.
